and what have you

by BOB CRAIG

About this time every year the Board of Community Development conducts its annual membership drive and this year will be no exception. It is hard to understand why this is necessary since you would think that everyone who has a dime invested in Hamlin would be concerned enough to spend at least \$30 a year for a business membership or \$12 a year for a personal membership in the only organized effort being made to insure the future growth and well being of our city.

But then there are always people who want someone else to pay the bills, do all the work, and then they reap the benefits. This is the reason that while on paper socialism is the perfect form of government—it just won't work because of the selfish, lazy, disinterested attitude of too many people.

The organization does not need the money brought in by the memberships nearly so much as it needs the interested people.

Since the organization was not able to support a full time manager and has had to settle for a secretary it has placed a far greater responsibility on the membership at large.

The BCD has been blessed with some very able and dedicated men as head of the group during the past three years that we have been here. And without their untiring efforts and great since of duty we do not believe that the City of Hamlin would have shown the progress that it has shown to date.

Sometimes it is very hard to put your finger on the things that an organization of this type accomplishes. There has been no mass movement of industry into the city or anything as spectacular as that, but it is just the steady push in all directions that makes the organization successful.

For those not familiar with the operation of the BCD it might be well to point out that the board of directors is made up of 18 people elected from the general membership with staggered three year terms. This group elects its own officers.

The organization maintains an office next door to the post office with a full time secretary there to handle the numerous requests for information that people seek daily about Hamlin.

At the close of the current membership campaign the board of directors have voted to carry a complete list of the membership in the Herald. The purpose of this will be to urge the people of Hamlin to "Support the Businesses That Support Your Town."

With Spring beginning today, Hamlin has the jump on it with its spring clean up, fix up campaign since the business district has been undergoing a real good face lifting for the past month or so.

As we have said before in this column a town can not just stand still, it will either go forward or backwards and it would appear that the merchants of Hamlin don't intend to go backward. In spite of all the doom being forecast for the small towns of America there will always be a need for a progressive small town. Admittedly there probably won't be as many in the future as there are now, but there will be a good future for those that survive.

A bond election has been called for voters of Fisher County on March 30 at which time two petitions will be placed before the people on the same ballot.

FARM BUREAU LEADERS TO MEET ON WHEAT REFERENDUM ISSUES

Members of the Jones County Farm Bureau Wheat Referendum Committee will attend a meeting March 26 in Abilene, to discuss issues involved in the forthcoming wheat referendum, according to W. N. West of Anson, president. A number of other county Farm Bureaus in this area will be represented at the meeting which is being conducted by the Texas Farm Bureau to provide local leaders with information on the wheat issue.

Members of the local committee are: Sam Carnes, Hoke Probst, Don O. Cromeens, W. L. Jensen and John D. Ferguson of Hamlin.

The Food and Agriculture Act of 1962 provides for a referendum to be conducted by the Secretary of Agriculture, with qualified wheat producers given an opportunity to vote for or against a multiple-price certificate plan for wheat.

PHARMACIST LAST RITES SET FOR TODAY

Dudley Ashabraner, 67, pharmacist for Reynolds Drug here, died Wednesday at 8:45 a.m. at Hamlin Memorial Hospital where he had been a patient for several weeks. He had been ill for about one month.

A resident of Hamlin for the past 10 years, he lived at 329 West Lake Drive.

Born Jan. 17, 1896, in Montague County, he was the son of the late Mr. and Mrs. Tom Ashabraner. He was married to Rose Cotton April 25, 1917, in Fort Worth.

He was a member of the Presbyterian Church and a 32nd Degree Mason in Oklahoma.

Survivors include his wife; two sons, Gerard Dudley of Oklahoma City, Okla., Brent Kenneth, assistant director of Peace Corps in New Delhi, India; three grandchildren.

Services will be held at 4 p.m. Thursday in Hamlin Funeral Home with the Rev. Fred Brown, pastor of Faith Methodist Church, officiating. Burial will be in Hamlin East Memorial Cemetery.

Pallbearers will be Cliff Reynolds, J. C. Turner, Wesley Nail and Bill Foster.

Parents of boys from 8-12 who are interested in the Little League program are to meet tonight (Thursday) at 7:30 for an organizational meeting in the primary cafeteria.

Boys who are interested in participating in the Little League should urge their parents to attend the meeting. It is not necessary for the boys to attend.

Dates for the beginning of the program will be announced later.

New officers will be elected at the Thursday night meeting. Present officers are George Poe, president; Floyd Clifton, vice president; W. T. Johnson, secretary-treasurer.

Johnsons Open Repair Shop Here

Mr. and Mrs. John Johnson are opening a shoe, boot and saddle repair shop here this week at 35 Southwest Third Street. The shop will open today (Thursday) and free coffee will be served Saturday morning.

The Johnsons have just finished a training period under Dee Reese in Rotan. They will specialize in all types of repair to saddles, shoes and boots.

A special feature of the new business will be a bulletin board for display of pictures and other items of interest to horseback enthusiasts.

Johnson is the son of the late Mr. and Mrs. Jim Johnson. Mrs. Johnson, the former Cecilia McLaughlin of Pampa, was operator of the Hamlin Swimming Pool for the past two years. They have two children, Jo Lynn, 11, and Tommy, 6.

If two-thirds or more of those voting favor the plan it will go into effect with the 1964 crop. The president of the local F. B. said that state and national Farm Bureau policies strongly oppose the certificate plan. Voting delegates at the Texas Farm Bureau convention held in November in San Antonio adopted a resolution stating that "Farm Bureau should use every effort to defeat the referendum on the certificate plan for wheat if it is presented to producers for vote."

Similarly, delegates at the annual convention of the American Farm Bureau Federation in December in Atlanta adopted a strong resolution in opposition to the multiple-price or certificate plan. Following is the text of the AFBF policy on the subject:

"We vigorously oppose all attempts to depart from the market price system in areas of agriculture still operating under this system. In those areas of agriculture where farm programs have led to a departure from the price system, we urge a return to this system as rapidly as possible."

"We are opposed to multiple price or certificate plans. Such plans require rigid controls, restrict freedom of production, maintain unrealistic high price supports, and encourage production of synthetics and other substitutes."

"The multiple price wheat certificate plan, authorized by the Food and Agricultural Act of 1962, is the most complicated and restrictive version ever seriously considered. If approved by a two-thirds vote in the forthcoming referendum, this plan would create a multitude of serious problems never before encountered and divide the market for milling wheat among all growers without regard to milling and baking quality. Fortunately for farmers, consumers, and all taxpayers, wheat producers can defeat this plan by voting 'No.'"

"We recommend that Farm Bureau organize and conduct an intensive information campaign with wheat growers in all commercial states to explain fully the provisions and implications of the alternative programs to be offered farmers in the 1963 Wheat Referendum."

During the morning service Rev. Hartley and the Russells will tell about their schedule and the revivals that they will be with during the Asian movement. The movement, originally started as the Japan New Life Movement has grown to such proportions as to also cover a large area of Asia.

Letters have been mailed and coin cards have been distributed at the primary and elementary schools for the annual drive for funds for the Jones County Heart Association.

The drive, usually held in February, was delayed here because of getting materials later than usual.

Hamlin hopes to enter two teams in the sophomore division which includes ages 13 and 14; one team in the 15 and 16 year old division; and one team in the 17 and 18 year old division.

Towns showing interest in the league are Haskell, Stamford, Anson and Rochester. Haskell will enter teams in all divisions.

Under this organization team play will start after school is out and continue until the last week in July.

The success of this venture will depend upon the efforts of the local people and especially civic minded citizens.

The City water supply is too low to permit irrigation of yards and gardens and all users of city water are asked to be as saving as possible. A record breaking blizzard swooped down on all the South last Saturday night. It was cold enough Sunday to freeze the tails off of every pig in the county. One of the proudest sets of parents in the country is Mr. and Mrs. Frank Drummonds, who reside on the Herbst place east of town. A very fine son arrived at their home Sunday night. Frank says in as much as his son has the same birthday as Grover Cleveland his boy might be president some day.

Dr. Robert Harp has moved his family to Hamlin to make their home. He will practice in offices of the late Dr. Taylor in the Waggoner Drug building. Work is nearing completion on the first section of grain elevators being erected by F. B. Moore Grain Co. in the northeast part of Hamlin. The elevators will have a capacity

of 130,000 bushels of grain. Joe Clements of Hamlin, has been selected for one of the key roles in the musical, "Black Is the Color," to be presented by students of Hardin-Simmons University.

Huchingson, who estimates that about the same number as last year, 1,260, will be enumerated this year. Finishing touches are being made this week on the new sanctuary of the Oak Grove Colored Baptist Church. About half of the automobile licenses for cars in Hamlin area have been issued, it is estimated by Jim Howard King, local license clerk.

CHOOSING SIDES

"Choose you this day whom ye will serve; but as for me and my house, we will serve the Lord." Joshua 24:15.

Children choose sides for a game; we choose someone to serve in this world. But rather than have it be a choosing by chance, ours shall be a definite, thought out, choice. We can choose God "this day" by attending Church on Sunday. As our Lord said in Matthew 4:10, "Thou

shalt worship the Lord thy God, and Him only shalt thou serve." Let us worship and serve Him through His appointed agency, the Church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truths which alone will set him free to live as a child of God.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Sunday marked the first year of our pastor, Rev. Darrel Lewis, in our church. Just a year ago Sunday he came to preach to us for the first time as pastor. It has been a good year and we have all learned to love him and his family, and are looking forward to another good year under his leadership.

Services Wednesday night were well attended, with 23 being present, for which we were all very proud, we will wager that we had more percentage of our members than any church in our vicinity. As we say time and again, we are small in numbers, but we love and enjoy our church and feel like it is as important as if it had many times the number, for it is our very own.

Rev. Darrel Lewis went to Abilene Monday night, to speak

to the county wide Brotherhood meeting.

Mr. and Mrs. Bobby Miller and daughter, Veda, from Lubbock, visited her sister, Mrs. Darrel Lewis and family this week end and came to church with them Sunday morning.

Melvin Clifton, Hamlin, guest of Spencer Ford, was also a visitor Sunday morning.

Mr. and Mrs. Winson Gray and Dorothy, took dinner with Mr. and Mrs. Mel Jones Sunday. After noon they went to Stamford to visit with Mr. and Mrs. Newman Jones.

Mr. and Mrs. Elmer Joiner went to Stamford Sunday afternoon to visit with their children, the Jimmy Joiners, also with Mr. and Mrs. A. E. Rutherford.

Mr. and Mrs. Flavel Holmes, Mr. and Mrs. Jack Wright and

children, went to Abilene Sunday afternoon to visit with Mrs. Billy Holmes, a patient in Cox Memorial Hospital. She has recently undergone surgery and is reported to be recovering nicely.

Mr. and Mrs. Joe Ford, Mr. and Mrs. Joe E. Ford and children, all went to Abilene also, Sunday afternoon to visit a daughter, but failed to find any one at home. It being such a beautiful day it was nice drive any way.

Mr. and Mrs. Woodrow Goodwin and Linda, visited with Mr. and Mrs. Flavel Holmes Friday night.

Mrs. E. A. Henry entered Anson General Hospital Monday afternoon, for scheduled corrective surgery at eight o'clock Tuesday morning. By the time the paper comes out we hope she is well over it and on the road to recovery.

Mrs. Darrel Lewis came from Rotan Friday morning, and visited with Jack Wright.

For the latest report on our coons, they are a smart lot, for some men have been trying to trap them and so far all they have caught is one big rat. We have heard that some men with hunting hounds are interested in trying to catch them. We appreciate the interest any one shows in trying to get rid of the pests in our church house and wish them good luck.

Dry weather is still about the only big news we have out our way. The wheat is standing up unusually good, considering how long it has been since it has rained. It won't be long until April and maybe it will bring some showers, but we just hope nothing brings the tornadoes back this year.

George Waincott is home from Dallas where he has been undergoing a series of tests, having gone the last two weeks. We all hope for him that he is soon feeling much better.

Mr. G. W. Waincott, who is in the Stamford Hospital, was about the same at the last report we had.

Newcomers to our community are Mr. and Mrs. Gary Blankenship and little son, who have moved on the place formerly occupied by Mr. and Mrs. Melvin Dowell. Mr. Dowell passed away some weeks ago from a heart attack.

Mr. and Mrs. Loy Zan Garner and daughter, Jana, moved to Abilene week before last. The community certainly regrets to lose this fine young couple to the "city." His parents, Mr. and Mrs. Morris Garner, and Mr. and Mrs. John Duncan visited them on Sunday after they moved. Only last week little Jana slipped on the waxed floors and broke her collar bone and must remain in a cast several days. The x-ray showed that sometime the other collar bone had been broken although the parents did not know when it happened.

Mr. and Mrs. Isaac Castro are announcing the birth of a baby daughter, named Jeanie, on Sunday, March 10. The family, originally from Mexico, have been residing on the H. G. Yakey farm for two years.

Mr. and Mrs. E. E. Gill of Vealmoor visited last week with their son and his wife, Mr. and Mrs. Dalton Gill.

Guy Harris, brother-in-law of Mrs. E. T. Bell, remains in critical condition at the Veterans Hospital at Big Spring.

We plowed the new ground

Midwest Electric Cooperative pioneered rural electrification in the nine county area it serves. The member-owners of Midwest Electric borrowed \$4,900,000 and built their own electric system to serve people who had no electricity. Midwest Electric was first to serve these areas. No one else could or would offer service.

Since 1938 Midwest Electric has repaid more than \$1,200,000 on the principal and more than \$760,000 in interest on their loans while offering a dependable efficient, economical electric service.

Midwest Electric plowed the new ground and their member-owners today are harvesting a healthier, happier, better way of life through rural electrification.

LIVESTOCKMEN TO CALL MISSION WHEN SCREWORM FOUND

Mission — Knowing immediately where every screwworm case in the Southwest is located has become so important to the eradication program that arrangements have been made so livestockmen can call the Mission headquarters collect when an infestation is detected.

When a screwworm case is found, officials would like producers to do two things: (1) collect about 10 worms from the wound, place them in water or alcohol and hold for further instructions and (2) report the infestation to eradication officials by calling collect to JU 5-1646 (Mission). No telephone call should be made unless a sample is available.

The following information should be available at the time the call is made:

1. Name
2. Address and telephone where producer can be contacted
3. Date when sample was collected.
4. Location of farm or ranch where case was found
5. Location of wound on animal

Producers are urged to call day or night, whenever the infestation is found. At night or on week ends, the information will be relayed to eradication officials, who will contact the producer for further information and instruct him to either mail the sample or hold it to be picked up by a livestock inspector.

From the information received, a determination can be made as to the action that is necessary. In many cases, a screwworm livestock inspector will be sent to the premises to pick up the sample and obtain additional information. If the

sample is identified as a true screwworm, sterile flies will probably be dispersed in the area.

The key to the system, officials said, is that sample of worms be collected at the time the wound is detected. Without the sample, they won't know whether the infestation was from a screwworm or from some other maggot, similar in

appearance and characteristics. Screwworm infestations are now at a minimum, the eradicators said, and through prompt reporting, action can be taken to prevent the infestation from mushrooming into a large scale outbreak.

John Milton used 8,000 different words in his poem "Paradise Lost."

TEXAS HIGHWAY DEATHS ON INCREASE--COL. GARRISON JR.

Austin — The official Texas traffic "death book" for 1962 was closed Friday with 2,421 entries in the motorcade column—an increase of 107 deaths or five per cent over 1961, it was announced today by Col. Homer Garrison Jr., director of the Texas Department of Public Safety.

He said that in spite of the fact that travel increased four per cent in 1962, the 107 additional motorcades raised the death rate per hundred million miles from 4.8 in 1961—the lowest in history—to 4.9 in 1962.

Garrison said the upward trend in traffic fatalities began in the summer of 1962 and is continuing into 1963 at even greater rate. During the first 11 weeks of this year, there were 43 or 13 per cent more deaths than during the same period of 1962. So far in 1963, 334 deaths have been reported.

"This trend is especially alarming because nearly as

many traffic deaths have occurred in Texas so far this year as compared with the same period of 1956, when an all-time high of 2,611 motorcades were recorded," he said.

"Unless this trend is halted, Texas could well be headed for a new traffic death record—the most deadly year ever on our streets and highways. We can ill afford this tragic and needless loss of life. Traffic accidents are caused by a disregard of traffic laws and ordinances and it is essential that the public support our enforcement officers and the courts in controlling the violators.

"In the meantime, every driver should take cognizance

of the current dangerous trend and avoid all hazardous situations, especially the violator whose actions might cause an accident."

DePriest to Host Track Meet Sat.
DePriest School will host an invitational track meet to be held here Saturday at the Hamlin track field.

Both boys and girls will participate in the track and field events at 10 a.m. and the finals at 1 p.m.

Other schools entering the competition will be Vernon, Munday, Stamford, Anson, Coleman and Snyder.

There will be approximately 20 students from DePriest participating. The girls team here was runner up for state honors last year and are predicted to make a good showing this year, according to I. J. Starr, principal.

The First Olympic Games recorded occurred in 776 B. C. in Greece.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin — A \$3,000,000,000 budget bill has been passed by the House of Representatives. Before it cleared the House and went on to the Senate, the bill elicited several cries of anguish from some who protested agency requests as too small and some who claimed certain allotments were too big.

Rep. Forrest Harding of San Angelo, claimed appropriations for the State Army Board and the State Board of Control were too big, since they involved \$1,000 salary raises for executive directors of those agencies.

Rep. Terry Townsend of Brady claimed deputy commissioners in the Texas Education Agency draw a total of \$14,800 more than the Legislature authorized.

Townsend also tried to cut out a \$250,000 appropriation to improve the newly-donated Wheatly Ranch in Balcon County as a state park. He claimed the money was needed for established parks. But this move failed.

HIGH COST OF FLYING—Another attempt to cut a specific recommendation out of the budget bill almost was successful.

Rep. James Cotten of Weatherford tried to get the House to "ground" the State Land Office airplane. He pointed out that \$100,000 is appropriated annually for operation and maintenance of a high-powered

Land Office plane.

Cotten showed a photostatic copy of the plane's flight log for the year ended October, 1962. He stated, "In a year's time, only 68 flights were recorded. Sixteen were test flights to familiarize the pilot with the plane before he broke it with another plane in a hangar and then he had to take eight more test flights to familiarize himself with the new propeller."

Rep. Joe Chapman of Sulphur Springs disagreed. He said that the plane is necessary for aerial surveys and photographs to confirm the 1941 state land survey.

Cotten insisted that the Land Office should hire commercial aerial photographers, as the Texas Water Commission does.

Cotten's amendment to strike out the plane appropriation failed by a narrow 72-68 vote.

LOW COST OF EDUCATION—Complaints about too-low appropriations came from members who said allotments for higher education in 1964-65 are too small.

The last Legislature appropriated \$159,600,000 from the State General Revenue Fund for higher education in 1962-63.

State college administrators requested \$243,000,000 for the coming two years. Former Gov. Price Daniel and the Legislative Budget Board recommended \$226,000,000. Gov. John B. Connally recommends \$225,000,000. Paduch Rep. Bill Heatly's appropriations bill allows for \$187,600,000 to educate the bumper crop of war babies that is expected to begin to flow into state colleges next year.

Rep. Hugh Farmer of Fort Worth claimed the faculty committee had slashed Arlington State College's library budget so drastically, the school might not be accredited next year.

So, Farmer and Rep. Don Gladden of Fort Worth begged for an amendment to raise Arlington's appropriation. It failed by a vote of 94-41.

The \$172,000 needed to make the Texas Maritime Academy in Galveston a reality was absent from the appropriations bill. But Governor Connally said, "I have real hope of getting the Legislature to restore the maritime money." He didn't say whether he had any hope of getting the allotment for higher education boosted.

COUNTY BUYING MAY BE EASIER—Rep. Vernon Beckham of Denison got a green light from the House Committee on Counties on his bill to raise the amount a county purchasing agent may spend on emergency purchases without advertising for competitive bidding.

Since 1925, the amount that may be spent without competitive bidding has been \$150. Beckham said this is unrealistic in the view of rising costs. He proposed it be raised to \$500. However, the subcommittee set it at \$300.

Reps. Henry Grover and J. C. Whitfield of Houston won approval from the House State Affairs Committee on their bill to require competitive bidding on public school purchases above \$1,000.

SALES TAX FREEZE FAILS—An attempt by Rep. John Allen of Longview to pass a constitutional amendment to freeze the state sales tax at two per cent and keep food and drugs exempt failed by a 72-64 vote.

However, food may remain safe from the sales tax if a measure by Rep. Ben Atwell of Dallas and Rep. Charles Wilson of Trinity passes. They have proposed legislation to simplify sales tax bookkeeping for grocers. Since grocers have been the ones fighting for a blanket tax, this bill may satisfy them.

TUITION RAISES PROPOSED—Representative Atwell picked up a recommendation by the Commission on Higher Education to double state college tuition, and filed a bill to raise it from \$50 to \$100 a semester.

Governor Connally has ignored the commission's suggestion. Rep. Dick Morean, republican from Dallas, chose "a good compromise." He introduced a bill to raise tuition to \$75 a semester.

Children of members of the Texas National Guard who have been killed in the "cold war crisis" since 1950 will be provided free tuition in state colleges, if a bill by Representative Farmer is passed.

STATES RIGHTS STAND—The House passed a resolution to ask Congress to call a constitutional convention to leave legislation reappointment to state legislatures. Rep. Bill J. Parsley of Lubbock said, "This may be the last time the state can take a stand on what may be the last of state's rights."

If the proposed amendment is adopted by a sufficient number of states, Texas could insure a rural-dominated legislature, despite urban growth.

First Baptist Youth Choir Takes Part In State Choir Clinic

Seventeen members of the Youth Choir of First Baptist Church journeyed to Baylor University campus in Waco Friday and Saturday to participate in a State Youth Choir Clinic.

The two day event included rehearsals under Dr. Euell Porter of Baylor and Joe Ann Sheldon of Southwestern Theological Seminary.

Tours of the Baylor campus were made and the group also attended the annual University Sing, a concert by the A Cappella Choir, and a program by the Baylor Golden Wave Band.

The concluding session climaxed with the some 2,000 students singing the rehearsed anthems in a mass choir. Those attending from the Hamlin church were: Elizabeth Cunningham, Mary Margaret Turner, Carolyn Reynolds, Connie Jo Duncan, Marolyn Reynolds, Mary Lois Patterson, Christy Wallace, Dottie Albritton, Lynn Brannon, Vickie Newland, Helen Hastings, Rheanna Sanderlin, Jan Albritton, Glenda Hudspeth, Charles Prewitt, Danny Neidecken and David Drummond.

Sponsors included Mrs. J. C. Turner, Mrs. Wilson Brannon, Mrs. Cliff Reynolds Jr., Mr. Red Wallace, director and Mrs. S. L. Tate.

The Youth Choir participated in the District Festival at Abilene earlier this month and received a "Superior Rating" for their performance.

and what have you

by BOB CRAIG

About this time every year the Board of Community Development conducts its annual membership drive and this year will be no exception. It is hard to understand why this is necessary since you would think that everyone who has a dime invested in Hamlin would be concerned enough to spend at least \$30 a year for a business membership or \$12 a year for a personal membership in the only organized effort being made to insure the future growth and well being of our city.

But then there are always people who want someone else to pay the bills, do all the work, and then they reap the benefits. This is the reason that while on paper socialism is the perfect form of government—it just won't work because of the selfish, lazy, disinterested attitude of too many people.

The organization does not need the money brought in by the memberships nearly so much as it needs the interested people.

Since the organization was not able to support a full time manager and has had to settle for a secretary it has placed a far greater responsibility on the membership at large.

The BCD has been blessed with some very able and dedicated men as head of the group during the past three years that we have been here. And without their untiring efforts and great sense of duty we do not believe that the City of Hamlin would have shown the progress that it has shown to date.

Sometimes it is very hard to put your finger on the things that an organization of this type accomplishes. There has been no mass movement of industry into the city or anything as spectacular as that but it is just the steady push in all directions that makes the organization successful.

For those not familiar with the operation of the BCD it might be well to point out that the board of directors is made up of 18 people elected from the general membership with staggered three year terms. This group elects its own officers.

The organization maintains an office next door to the post office with a full time secretary there to handle the numerous requests for information that people seek daily about Hamlin.

At the close of the current membership campaign the board of directors have voted to carry a complete list of the membership in the Herald. The purpose of this will be to urge the people of Hamlin to "Support the Businesses That Support Your Town."

With Spring beginning today, Hamlin has the jump on it with its spring clean up, fix up campaign since the business district has been undergoing a real good face lifting for the past month or so.

As we have said before in this column a town can not just stand still, it will either go forward or backwards and it would appear that the merchants of Hamlin don't intend to go backward. In spite of all the doom being forecast for the small towns of America there will always be a need for a progressive small town. Admittedly there probably won't be as many in the future as there are now, but there will be a good future for those that survive.

Fisher County Calls Bond Vote

A bond election has been called for voters of Fisher County on March 30 at which time two petitions will be placed before the people on the same ballot.

One petition will be to purchase 2 fire trucks at a cost of \$14,000, for the protection of rural areas. The other is to purchase, build or construct a coliseum and auditorium in Rotan at a cost of \$26,000.

FARM BUREAU LEADERS TO MEET ON WHEAT REFERENDUM ISSUES

Members of the Jones County Farm Bureau Wheat Referendum Committee will attend a meeting March 26 in Abilene, to discuss issues involved in the forthcoming wheat referendum, according to W. N. West of Anson, president. A number of other county Farm Bureaus in this area will be represented at the meeting which is being conducted by the Texas Farm Bureau to provide local leaders with information on the wheat issue.

Members of the local committee are: Sam Carnes, Hoke Probst, Don O. Cromeens, W. L. Jensen and John D. Ferguson of Hamlin.

The Food and Agriculture Act of 1962 provides for a referendum to be conducted by the Secretary of Agriculture, with qualified wheat producers given an opportunity to vote for or against a multiple-price certificate plan for wheat.

If two-thirds or more of those voting favor the plan it will go into effect with the 1964 crop. The president of the local F. B. said that state and national Farm Bureau policies strongly oppose the certificate plan. Voting delegates at the Texas Farm Bureau convention held in November in San Antonio adopted a resolution stating that "Farm Bureau should use every effort to defeat the referendum on the certificate plan for wheat if it is presented to producers for vote."

Similarly, delegates at the annual convention of the American Farm Bureau Federation in December in Atlanta adopted a strong resolution in opposition to the multiple-price or certificate plan. Following is the text of the AFBF policy on the subject:

"We vigorously oppose all attempts to depart from the market price system in areas of agriculture still operating under this system. In those areas of agriculture where farm programs have led to a departure from the price system, we urge a return to this system as rapidly as possible.

"We are opposed to multiple-price or certificate plans. Such plans require rigid controls, restrict freedom of production, maintain unrealistic high price supports, and encourage production of synthetics and other substitutes.

"The multiple price wheat certificate plan, authorized by the Food and Agricultural Act of 1962, is the most complicated and restrictive version ever seriously considered. If approved by a two-thirds vote in the forthcoming referendum, this plan would create a multitude of serious problems never before encountered and divide the market for milling wheat among all growers without regard to milling and baking quality. Fortunately for farmers, consumers, and all taxpayers, wheat producers can defeat this plan by voting 'No.'"

"We recommend that Farm Bureau organize and conduct an intensive information campaign with wheat growers in all commercial states to explain fully the provisions and implications of the alternative programs to be offered farmers in the 1963 Wheat Referendum."

Survivors include his wife; two sons, Gerard Dudley of Oklahoma City, Okla., Brent Kenneth, assistant director of Peace Corps in New Delhi, India; three grandchildren.

Services will be held at 4 p.m. Thursday in Hamlin Funeral Home with the Rev. Fred Brown, pastor of Faith Methodist Church, officiating. Burial will be in Hamlin East Memorial Cemetery.

Pallbearers will be Cliff Reynolds, J. C. Turner, Wesley Nail and Bill Foster.

The American Legion donates \$25.00 to a fund to purchase playground equipment at the Hamlin School. The City water supply is too low to permit irrigation of yards and gardens and all users of city water are asked to be as saving as possible. A record breaking blizzard swooped down on all the South last Saturday night. It was cold enough Sunday to freeze the tails off of every pig in the county. One of the proudest sets of parents in the country is Mr. and Mrs. Frank Drummonds, who reside on the Herbst place east of town. A very fine son arrived at their home Sunday night. Frank says in as much as his son has the same birthday as Grover Cleveland his son might be president some day.

About 85 blocks of Hamlin city streets are being semi-laid surfaced under an arrangement with the WPA, according to announcement of the City Council. Hamlin business people and their employees are being asked to park their cars at the rear of the stores or either on off streets in order to permit patrons to use the main streets for parking. Dr. Robert Harp has moved his family to Hamlin to make their home. He will practice in offices of the late Dr. Taylor in the Waggoner Drug building. Mayor Joe Culbertson announces that a city election will be held on April 5 to name a mayor and three aldermen.

Work is nearing completion on the first section of grain elevators being erected by F. R. Moore Grain Co. in the northeast part of Hamlin. The elevators will have a capacity

of 130,000 bushels of grain. Joe Clements of Hamlin, has been selected for one of the key roles in the musical, "Black Is the Color," to be presented by students of Hardin-Simmons University.

Scholastic census in Hamlin School District is being made, according to Superintendent of School I. R. Huchingson, who estimates that about the same number as last year, 1,260, will be enumerated this year. Finishing touches are being made this week on the new sanctuary of the Oak Grove Colored Baptist Church. About half of the automobile licenses for cars in Hamlin area have been issued, it is estimated by Jim Howard King, local license clerk.

CHOOSING SIDES

"Choose you this day whom ye will serve: but as for me and my house, we will serve the Lord." Joshua 24:15.

Children choose sides for a game; we choose someone to serve in this world. But rather than have it be a choosing by chance, ours shall be a definite, thought out, choice. We can choose God "this day" by attending Church on Sunday. As our Lord said in Matthew 4:10, "Thou shalt worship the Lord thy God, and Him only shalt thou serve." Let us worship and serve Him through His appointed agency, the Church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Sunday marked the first year of our pastor, Rev. Darrel Lewis, in our church. Just a year ago Sunday he came to preach to us for the first time as pastor. It has been a good year and we have all learned to love him and his family, and are looking forward to another good year under his leadership.

Services Wednesday night were well attended, with 23 being present, for which we were all very proud, we will wager that we had more percentage of our members than any church in our vicinity. As we say time and again, we are small in numbers, but we love and enjoy our church and feel like it is as important as if it had many times the number, for it is our very own.

Rev. Darrel Lewis went to Abilene Monday night, to speak

to the county wide Brotherhood meeting.

Mr. and Mrs. Bobby Miller and daughter, Veda, from Lubbock, visited her sister, Mrs. Derrel Lewis and family this week end and came to church with them Sunday morning.

Melvin Clifton, Hamlin, guest of Spencer Ford, was also a visitor Sunday morning.

Mr. and Mrs. Winson Gray and Dorothy, took dinner with Mr. and Mrs. Mel Jones Sunday. After noon they went to Stamford to visit with Mr. and Mrs. Newman Jones.

Mr. and Mrs. Elmer Joiner went to Stamford Sunday afternoon to visit with their children, the Jimmy Joiners, also with Mr. and Mrs. A. E. Rutherford.

Mr. and Mrs. Flavel Holmes, Mr. and Mrs. Jack Wright and

children, went to Abilene Sunday afternoon to visit with Mrs. Billy Holmes, a patient in Cox Memorial Hospital. She has recently undergone surgery and is reported to be recovering nicely.

Mr. and Mrs. Joe Ford, Mr. and Mrs. Joe E. Ford and children, all went to Abilene also, Sunday afternoon to visit a daughter, but failed to find any one at home. It being such a beautiful day it was nice drive any way.

Mr. and Mrs. Woodrow Goodwin and Linda, visited with Mr. and Mrs. Flavel Holmes Friday night.

Mrs. E. A. Henry entered Anson General Hospital Monday afternoon, for scheduled corrective surgery at eight o'clock Tuesday morning. By the time the paper comes out we hope she is well over it and on the road to recovery.

Mrs. Derrel Lewis came from Rotan Friday morning, and visited with Jack Wright.

For the latest report on our coons, they are a smart lot, for some men have been trying to trap them and so far all they have caught is one big rat. We have heard that some men with hunting hounds are interested in trying to catch them. We appreciate the interest any one shows in trying to get rid of the pests in our church house and wish them good luck.

Dry weather is still about the only big news we have out our way. The wheat is standing up unusually good, considering how long it has been since it has rained. It won't be long until April and maybe it will bring some showers, but we just hope nothing brings the tornadoes back this year.

George Wainscott is home from Dallas where he has been undergoing a series of tests, having gone the last two weeks. We all hope for him that he is soon feeling much better.

Mr. G. W. Wainscott, who is in the Stamford Hospital, was about the same at the last report we had.

Newcomers to our community are Mr. and Mrs. Gary Blankenship and little son, who have moved on the place formerly occupied by Mr. and Mrs. Melvin Dowell. Mr. Dowell passed away some weeks ago from a heart attack.

spectively, of Old Glory. Eighteen students participated in the county eliminations. Mrs. Thelma Smith, County Superintendent, is county chairman. The Wichita Falls Times sponsors the contest in this county. The newspaper was represented by Mr. James, who took pictures of the winner and first alternate.

Old Glory swept every tennis crown in the District 14-B meet at Fair Park Monday afternoon, taking all titles in high school, junior high and elementary school.

In the high school ranks, Old Glory's Donald Boles had the closest call. He dropped the first two sets to Hawley's Eddie Trice, but rallied to win the last three. The final score was 2-6, 4-6, 6-2, 7-5, 6-3.

Old Glory's Nancy Vahlenkamp beat Lueders' Stacey Vinson, 6-1, 6-1, for the girls singles crown.

Old Glory's boys doubles team of Charles Diers and Larry Ashorn beat Bill Story and Victor Worley of Lueders, 6-3,

6-2, 6-3.

Sharon Leverett and Beverly Garner of Old Glory defeated Hawley's Fran Horrell and Rita Wells, 6-0, 6-0, for the girls doubles championship.

Coach of tennis at Old Glory is V. R. Leverett. He was chairman of the district play-offs. This group will go to Regional at Stephenville April 19 and 20. The Regional literary events will also be held there the same week end.

Larry Quade and Marva Duesing, the Old Glory typing team, visited Aspermont Monday for a practice session with the 10 o'clock typing class in that school. They are preparing for the Interscholastic League typing contest event to be held at Hawley on Friday, April 5. Mrs. V. R. Leverett is typing teacher.

Last week the high school basketball coach, Tom Pritchard, presented jackets to the qualified members of the Old Glory High School boys and girls teams. The girls jackets are royal blue with white lea-

ther trim and red letters. Those receiving jackets were Sharon Leverett, Sofia Vargas, Nancy Vahlenkamp, Donna Pierce, Billie Ann Vahlenkamp, Linda Newman and Marilyn Flow. The boys jackets are a lighter blue with trim similar to the girls. Boys receiving jackets were Tim Jennings, Kenny Spitzer, Charles Diers, Donald Boles, Jerry Hahn and the team's manager, John Hunt.

PERSONALS

Mr. and Mrs. Loy Zan Garner and daughter, Jana, moved to Abilene week before last. The community certainly regrets to lose this fine young couple to the "city." His parents, Mr. and Mrs. Morris Garner, and Mr. and Mrs. John Duncan visited them on Sunday after they moved. Only last week little Jana slipped on the waxed floors and broke her collar bone and must remain in a cast several days. The x-ray showed that sometime the other collar bone had been broken although the parents did not know when it happened.

Mrs. Morris Garner has gone to Abilene for a few days to assist her son and wife in care of Jana. Here's to speedy recovery to the little miss.

Miss Clarice Leverett visited recently with the V. R. Leveretts. Mrs. Leverett and Sharon carried her back to Abilene where she is a senior at ACC, and then visited with Mrs. Leverett's mother, Mrs. Joe Garland of Merkel.

Mr. and Mrs. Isaac Castro are announcing the birth of a baby daughter, named Jeanie, on Sunday, March 10. The family, originally from Mexico, have been residing on the H. G. Yakey farm for two years.

Mr. and Mrs. E. E. Gill of Vealmoor visited last week with their son and his wife, Mr. and Mrs. Dalton Gill.

Guy Harris, brother-in-law of Mrs. E. T. Beil, remains in critical condition at the Veterans Hospital at Big Spring.

T. E. Beil attended the state convention of County Judges and Commissioners at Lubbock the first part of this week.

Midwest Electric Cooperative pioneered rural electrification in the nine county area it serves. The member-owners of Midwest Electric borrowed \$4,000,000 and built their own electric system to serve people who had no electricity. Midwest Electric was first to serve these areas. No one else could or would offer service.

Since 1938 Midwest Electric has repaid more than \$1,200,000 on the principal and more than \$760,000 in interest on their loans while offering a dependable efficient, economical electric service.

Midwest Electric plowed the new ground and their member-owners today are harvesting a healthier, happier, better way of life through rural electrification.

LIVESTOCKMEN TO CALL MISSION WHEN SCREWORM FOUND

Mission — Knowing immediately where every screwworm case in the Southwest is located has become so important to the eradication program that arrangements have been made so livestockmen can call the Mission headquarters collect when an infestation is detected.

When a screwworm case is found, officials would like producers to do two things: (1) collect about 10 worms from the wound, place them in water or alcohol and hold for further instructions and (2) report the infestation to eradication officials by calling collect to JU 5-1646 (Mission). No telephone call should be made unless a sample is available.

The following information should be available at the time the call is made:

1. Name
2. Address and telephone where producer can be contacted
3. Date when sample was collected
4. Location of farm or ranch where case was found
5. Location of wound on animal

Producers are urged to call day or night, whenever the infestation is found. At night or on week ends, the information will be relayed to eradication officials, who will contact the producer for further information and instruct him to either mail the sample or hold it to be picked up by a livestock inspector.

From the information received, a determination can be made as to the action that is necessary. In many cases, a screwworm livestock inspector will be sent to the premises to pick up the sample and obtain additional information. If the

THE HAMLIN HERALD

MARCH 21, 1963

sample is identified as a true screwworm, sterile flies will probably be dispersed in the area.

The key to the system, officials said, is that sample of worms be collected at the time the wound is detected. Without the sample, they won't know whether the infestation was from a screwworm or from some other maggot, similar in

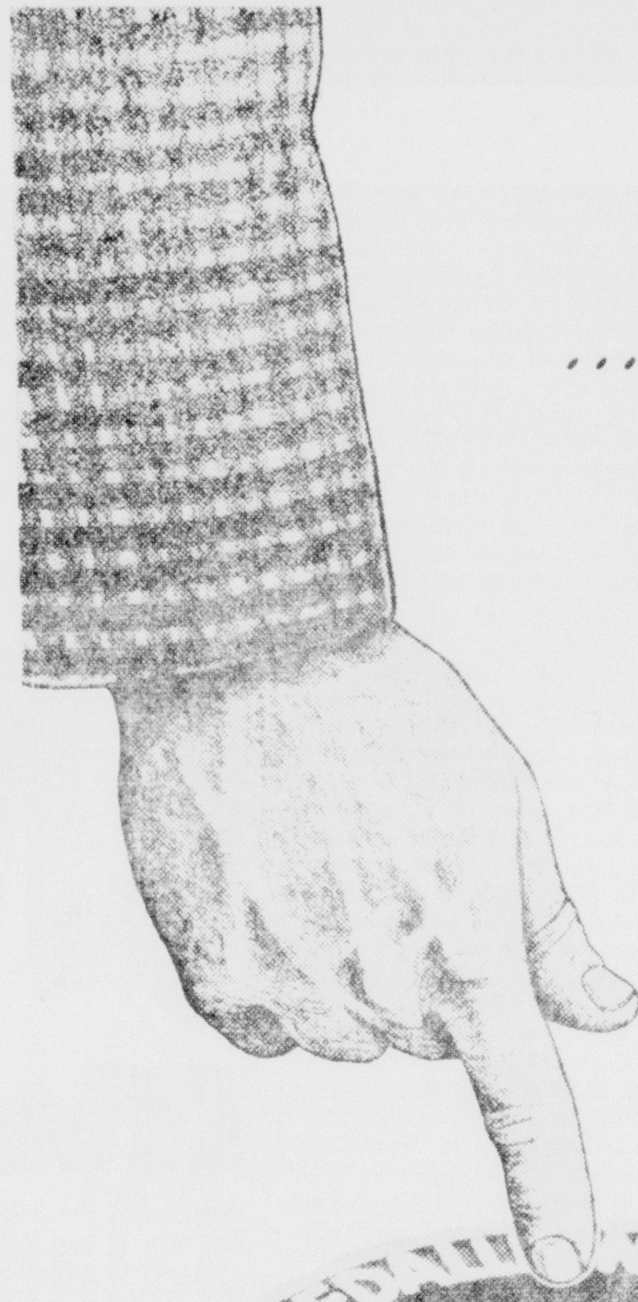

appearance and characteristics. Screwworm infestations are now at a minimum, the eradicators said, and through prompt reporting, action can be taken to prevent the infestation from mushrooming into a large scale outbreak.

John Milton used 8,000 different words in his poem "Paradise Lost."

COUNTY BUYS TWO CARS FOR SHERRIFF'S DEPARTMENT

By ROY M. CRAIG
STAMFORD AMERICAN
Jones County Commissioners Court Monday, March 11, authorized purchase of two automobiles for the sheriff's department, approved First National Bank of Anson as county depository and handled other miscellaneous business.

Lawrence Hall Chevrolet Co. was low bidder on the two cars with a total price of \$1,958.12. Carl Murrell Chevrolet Co. of Hamlin was second with a bid of \$2,384.96. Prewitt Motor Co. of Hamlin, bidding on Plymouths, submitted a total price of \$2,419.84. Top bid was by Middlebrook Ford Sales of Anson. Their offering was \$2,712.13.

Presently, there are two Chevrolet cars in the Sheriff's department, one a six cylinder model and the other an 8. The new cars will be the same.

Commissioners approved payment of \$25 a day to men who comprise the jury of view, sitting on condemnation proceedings. Two or three parcels of

land are being condemned for the right of way for highway 380.

Three representatives from insurance companies explained to the commissioners that the hospitalization insurance now being carried by county employees is not under a true group policy but rather it is under a franchised policy. In order to get non-cancellable insurance it will be necessary to have a true group and the county will need to pay part of the premiums.

The men had been invited to appear before the court because some insurance had been cancelled in the past. Question was asked if the insurance could be taken out only upon the road employees and still qualify under the group plan. The court was assured this would be possible.

"What you need to do," Charles Vaden, formerly of Stamford, one of the insurance men present said, "is to draw up a set of specifications or requirements, amount of room allowance, a surgery schedule, and the like. Then we could submit bids on the program."

County Judge Leon Thurman said this would be done after commissioners had consulted with their employees.

The court discussed at length the cost of moving utility lines to provide right of way for farm roads and for highways. They were presented a bill from Lone Star Gas Co. for casing a section of pipe at the Lyckman corner of the New Hope road, where the new farm road will intersect. Commissioner Tom Boyd of Precinct 2 was instructed to negotiate with the company on the charge.

Commissioner J. E. Touchstone suggested that it might be well for commissioners to have all who run lines under county roads to obtain a permit from the county. This permit would expressly say that should the road be designated a farm road, the company granted the permit would be required to ease the line at its own expense.

TEXAS HIGHWAY DEATHS ON INCREASE--COL. GARRISON JR.

Austin — The official Texas traffic "death book" for 1962 was closed Friday with 2,421 entries in the motorcade column—an increase of 107 deaths or five per cent over 1961, it was announced today by Col. Homer Garrison Jr., director of the Texas Department of Public Safety.

He said that in spite of the fact that travel increased four per cent in 1962, the 107 additional motorcades raised the death rate per hundred million miles from 4.8 in 1961—the lowest in history—to 4.9 in 1962.

Garrison said the upward trend in traffic fatalities began in the summer of 1962 and is continuing into 1963 at even greater rate. During the first 11 weeks of this year, there were 43 or 13 per cent more deaths than during the same period of 1962. So far in 1963, 334 deaths have been reported.

"This trend is especially alarming because nearly as

many traffic deaths have occurred in Texas so far this year as compared with the same period of 1956, when an all-time high of 2,611 motorcades were recorded," he said.

"Unless this trend is halted, Texas could well be headed for a new traffic death record—the most deadly year ever on our streets and highways. We can ill afford this tragic and needless loss of life. Traffic accidents are caused by a disregard of traffic laws and ordinances and it is essential that the public support our enforcement officers and the courts in controlling the violators."

"In the meantime, every driver should take cognizance

of the current dangerous trend and avoid all hazardous situations, especially the violator whose actions might cause an accident."

DePriest to Host Track Meet Sat.

DePriest School will host an invitational track meet to be held here Saturday at the Hamlin track field.

Both boys and girls will participate in the track and field events at 10 a.m. and the finals at 1 p.m.

Other schools entering the competition will be Vernon, Munday, Stamford, Anson, Coleman and Sayder. There will be approximately

20 students from DePriest participating. The girls team here was runner up for state honors last year and are predicted to make a good showing this year, according to I. J. Starr, principal.

The First Olympic Games recorded occurred in 776 B. C. in Greece.

The Girl Scouts of the USA was founded in 1912.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin — A \$3,000,000,000 budget bill has been passed by the House of Representatives.

Before it cleared the House and went on to the Senate, the bill elicited several cries of anguish from some who protested agency requests as too small and some who claimed certain allotments were too big.

Rep. Forrest Harding of San Angelo claimed appropriations for the State Armory Board and the State Board of Control were too big, since they involved \$1,000 salary raises for executive directors of those agencies.

Rep. Terry Townsend of Brady claimed deputy commissioners in the Texas Education Agency draw a total of \$14,800 more than the Legislature authorized.

Townsend also tried to cut out a \$250,000 appropriation to improve the newly-donated Wheatley Ranch in Balcon County as a state park. He claimed the money was needed for established parks. But this move failed.

HIGH COST OF FLYING—Another attempt to cut a specific recommendation out of the budget bill almost was successful.

Rep. James Cotten of Weatherford tried to get the House to "ground" the State Land Office airplane. He pointed out that \$100,000 is appropriated annually for operation and maintenance of a high-powered

Land Office plane.

Cotton showed a photostatic copy of the plane's flight log for the year ended October, 1962. He stated, "In a year's time, only 68 flights were recorded. Sixteen were test flights to familiarize the pilot with the plane before he broke the propeller when he collided with another plane in a hangar and then he had to take eight more test flights to familiarize himself with the new propeller."

Rep. Joe Chapman of Sulphur Springs disagreed. He said that the plane is necessary for aerial surveys and photographs to confirm the 1941 state land survey.

Cotton insisted that the Land Office should hire commercial aerial photographers, as the Texas Water Commission does.

Cotton's amendment to strike out the plane appropriation failed by a narrow 72-68 vote.

LOW COST OF EDUCATION—Complaints about too-low appropriations came from members who said allotments for higher education in 1964-65 are too small.

The last Legislature appropriated \$159,600,000 from the State General Revenue Fund for higher education in 1962-63.

State college administrators requested \$243,000,000 for the coming two years. Former Gov. Price Daniel and the Legislative Budget Board recommended \$226,000,000. Gov. John B. Connally recommends \$225,000,000. Paduch Rep. Bill Healy's appropriations bill allows for \$187,600,000 to educate the bumper crop of war babies that is expected to begin to flow into state colleges next year.

Rep. Hugh Farmer of Fort Worth claimed the heavily committed had slashed Arlington State College's library budget so drastically, the school might not be accredited next year.

So, Farmer and Rep. Don Gladden of Fort Worth begged for an amendment to raise Arlington's appropriation. It failed by a vote of 94-41.

The \$172,000 needed to make the Texas Maritime Academy in Galveston a reality was absent from the appropriations bill. But Governor Connally said, "I have real hope of getting the Legislature to restore the maritime money." He didn't say whether he had any hope of getting the allotment for higher education boosted.

COUNTY BUYING MAY BE EASIER—Rep. Vernon Beckham of Denison got a green light from the House Committee on Counties on his bill to raise the amount a county purchasing agent may spend on emergency purchases without advertising for competitive bidding.

Since 1925, the amount that may be spent without competitive bidding has been \$150. Beckham said this is unrealistic in the view of rising costs. He proposed it be raised to \$500. However, the subcommittee set it at \$300.

Rep. Henry Grover and J. C. Whitfield of Houston won approval from the House State Affairs Committee on their bill to require competitive bidding on public school purchases above \$1,000.

SALES TAX FREEZE FAILS—An attempt by Rep. John Allen of Longview to pass a constitutional amendment to freeze the state sales tax at two per cent and keep food and drugs exempt failed by a 72-64 vote.

However, food may remain safe from the sales tax if a measure by Rep. Ben Atwell of Dallas and Rep. Charles Wilson of Trinity passes. They have proposed legislation to simplify sales tax bookkeeping for grocers. Since grocers have been the ones fighting for a blanket tax, this bill may satisfy them.

TUITION RAISES PROPOSED—Representative Atwell picked up a recommendation by the Commission on Higher Education to double state college tuition, and filed a bill to raise it from \$50 to \$100 a semester.

Governor Connally has ignored the commission's suggestion. Rep. Dick Morgan, republican from Dallas, chose "a good compromise." He introduced a bill to raise tuition to \$75 a semester.

Children of members of the Texas National Guard who have been killed in the "cold war crisis" since 1950 will be provided free tuition in state colleges, if a bill by Representative Farmer is passed.

STATES RIGHTS STAND—The House passed a resolution to ask Congress to call a constitutional convention to leave legislation reapportionment to state legislatures. Rep. Bill J. Parsley of Lubbock said, "This may be the last time the state can take a stand on what may be the last of state's rights."

If the proposed amendment is adopted by a sufficient number of states, Texas could insure a rural-dominated legislature, despite urban growth.

First Baptist Youth Choir Takes Part In State Choir Clinic

Seventeen members of the Youth Choir of First Baptist Church journeyed to Baylor University campus in Waco Friday and Saturday to participate in a State Youth Choir Clinic.

The two day event included rehearsals under Dr. Euell Porter of Baylor and Joe Ann Sheldon of Southwestern Theological Seminary.

Tours of the Baylor campus were made and the group also attended the annual University Sing, a concert by the A Cappella Choir, and a program by the Baylor Golden Wave Band.

The concluding session climaxed with the some 2,000 students singing the rehearsed anthems in a mass choir. Those attending from the Hamlin church were: Elizabeth Cunningham, Mary Margaret Turner, Carolyn Reynolds, Connie Jo Duncan, Marolyn Reynolds, Mary Lois Patterson, Christy Wallace, Dottie Albritton, Lynn Brannon, Vickie Newland, Helen Hastings, Rheanna Sanderlin, Jan Albritton, Glenda Hudspeth, Charles Prewitt, Danny Neidecken and David Drummond.

Sponsors included Mrs. J. C. Turner, Mrs. Wilson Brannon, Mrs. Cliff Reynolds Jr., Mr. Red Wallace, director and Mrs. S. L. Tate.
